obilization to Gold King Restore Access Road to Adit											
ine Dump Stabilization		Santa and a		S. C. Salarin		and the same of th		100000000000000000000000000000000000000		and the collection	
Grade Highwalls										111111	
Survey mine dump for Stabilization											
Waste Dump Grading Plan Waste Dump Regrading				ALIES STATE OF THE							
fold King Mine Portal Contractor		and the second second							more party and	Ramo	
Establish Access to High Wall											
Support Highwall - Mesh and Splitset Bolts								a real management			
Support Highwall - Shotcrete and Rockbolting Exterior				Last same				- Commission		4-4	
Adit - Shotcrete and Rockbolting Interior Install Mine Drainage Pipe into Pipe Sump	_		Part of the second								o postportura
Muck 55' of Tunnel											
Red and Bonita Pumping or Pipeline/TreatmentSetup											
Steel Sets Installation				anti-continue.			_				
Cellular Concrete  Design and Decision Portal Shed and Gate Air Door or Flow Control Structure			TBD						Britania de la compania de la compa		
Design and Decision Portal Shed and Gate Air Door of Flow Control Structure  Design of Flow Control/Surge Structure		7	160							100000	
Install Portal Shed and Gate?					100000000				TBD		-
Construct Flow Control/Surge Structure at Portal or Air Door						TBD					
Mine Portal Contractor Demobilize											
Vater Conveyance Piping from Gold King to Treatment				Control 2							
Temporarily divert water 100% to Red and Bonita  Establish Pipe Route and Bid Phase				10000						Transcourage and	
Award Contract to Pipe Installer											
Install Bypass Piping or Channel/Place Pumps											
Divert water to Red and Bonita via pipe	\$8560000 380000000			100000000000000000000000000000000000000							
Mobilize Pipe Contactor											
Install GK to Gladstone/RnB Piping Install Pond Stubouts			The section is				-				
Install Lower Gladstone Piping											
Divert Water to Winter Treatment System											
pper Gladstone Settling Pond System											
Develop interim treatment system											
Develop winter treatment system Build treatment ponds at Gladstone											
Award and Prep for Pond Lining					110000						
Pond Prep for Liner											
Berm Removal, Slope 2:1, Road Grade, Pond 2 Spillway											
Pump and Clean Pond 1			400000000						and the same of th		
Grade for inlet piping and box Restoration/Grading for Cement Creek Sediment/Catchment Pond											
Line treatment ponds at Gladstone											
Setup Lime Treatment at Pond 1				3-10-10/PE							
Power Line Easement											
Install Pole an Power for Lime treatment at Ponds											
Drop Power to Lime Treatment Building Circuit Box											
terim Treatment System Setup (Alexco) Clear Concrete Pad. Debris from East of Quonset											
Ground Work for Concrete 15'x15' Lime Silo Pad											
Ground Work and Concrete Electrical Pad for Transformer Box					Age (Add Control of the Control of t						
Concrete Pour		-									
Trench and Install Electrical Conduit to Power Source	10000000								1000	and the same of th	
Power Line Easement			10000000								
Prep Pad for Sprung Structure Grading Plan for Geotextile Tube Pad			10000								
Haul Material, Place Material, and Grade Material for Tube Pad											
											-
Cold Was Miles Down Dable Good Co. 1.4											
move Gold King Mine Dump Debris from Creek Area Find Suitable location for Mine Waste	100000			12.8823	Charles Comment						
Build Temporary Repository for Mine Waste/Sludge											
Remove sludge material from temporary ponds			2000								
Move emergency pond material to temporary location/to GK											
Move channel/wood debris material to temporary location/to GK	100000000			Local Bolish	2000000				Service Control	NI CONTRACTOR OF THE PARTY OF T	
Remove Cement Creek Bypass Pipe and Basin					200 P						
Restoration of Cement Creek Below North Fork Debris Removal from North Fork Above Diversion											
Restore North Fork Crossing on County Road											
old King Access Road Winterization				600 Miles (200		CONTRACTOR		and the state of t			
Remove solids from emergency pond at Gold King					Or						
Create Low Water Crossing/Remove Pipe and material at Gold King Access Road					Of						
Demobilize from Gold King				***************************************	***************************************
